EPSON
EXCEED YOUR VISION

LASER-LIKE EFFICIENCY WITH MULTI-FUNCTION CAPABILITY

The monochrome EcoTank M2140 and M2170 multi-function printers are designed to ensure the finest office printing experience. With each print, you save big on energy and printing costs as it costs just 15 paise* per print while consuming up to 30X* less power than mono laser printers which, in turn, ensures minimal impact on the environment. A speed of 20 ipm ensures that every job is done well within time. The flexibility to print, scan, copy and fax ensures productivity like never before. A high print yield of 6,000[1] prints ensures printing without the inconvenience of frequent refills.

and graphics

*2 Default mode in accordance with ISO7779 for MFPs.

*3 Quoted yields are based on the ISO 24711/24712 patterns of mixed text and black-and-white graphics with Epson methodology. Quoted yields are based on the replacement ink bottles purchased. For print quality, part of the ink from the included bottles is used for printer startup so yields could be lower than those of replacement ink bottles. Actual yields will vary due to reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently. Ink is used for both printing and printhead maintenance.
