Safety Matters Most

□ Self-developed Battery Management System

□ Robust and durable LifePo4 Battery

□ 6 Forms of protection

- ✓ low temperature protection,
- ✓ short circuit protection,
- ✓ over temperature protection,
- ✓ over current protection,
- ✓ over voltage protection
- ✓ low voltage warning system

E100 Plus vs. Normal Power Banks

It's a "Power Station" for a reason.

Feature	Jackery E100 Plus	Normal Power Bank
Battery Type	LiFePO4 (2,000+ cycles)	Lithium-Ion (500-800 cycles)
Output Power	Up to 128W (Dual 100W PD)	Typically 15W-65W
Port Types	2x USB-C (100W), 1x USB-A	Varies, often 1-2 USB-A and 1 USB-C
Charging Speed	Ultra-fast (e.g., 1.8 hrs via wall adapter)	Often slower, takes many hours to fully charge
Recharge Options	USB-C, Car, Solar Panel	USB-C, Wall adapter
Durability	Shock and fire-resistant materials	Basic plastic housing
Primary Use	Charging laptops, tablets, and phones on the go	Primarily charging phones and small devices
